Join us on July 8th, when our speaker will be Mr. Sean O'Brien from Orchard Supply Hardware. Mr. O'Brien has a degree in Horticultural Science from Cal Poly and has many years experience as a

landscape contractor and owns his own landscaping company. Sean will be speaking on California Native Plants and will describe what they are, how to install and care for them in a drought environment, and their limitations. He will also discuss drip systems, and give examples of them and how to install and use them effectively. Bring your landscaping questions, as we will allow time for a question and answer period, after the presentation.

NEXT MEETING SEPTEMBER, 2009
