Mark Robson will be giving our neighbors an update on the progress and future plans for the Riverside Plaza Project. The Riverside Plaza is located at San Tomas Expressway and Hamilton Avenue. The rendering (left) depicts the view from Hamilton Avenue. Mr. Robson will update our neighbors on where the

construction is in the process and the expected completion of the project. "We build with a sense of responsibility to the Bay Area towns and cities we call home. This conscientious effort begins long before any dirt is moved and continues long after the last home is sold. Our team spends hundreds of hours collaborating with local Bay Area officials, groups and citizens to ensure that our plans blend with, enhance, and serve the community at large." said Mark. Due to time constraints, we will have a short period for Q and A.
